PROFESSIONAL SUMMARY

Computer Science and Engineering student expected to graduate in December 2026, with a focus on front-end development and user-friendly web experiences. Currently building a personal portfolio and furniture website using HTML, CSS, Tailwind CSS, and JavaScript while learning React. Brings technical internship experience along with strong problem-solving, communication, and leadership skills.

TECHNICAL SKILLS

- **Front-End:** HTML5, CSS3, Tailwind CSS, JavaScript
- **Programming:** Java
- **Currently Learning:** React
- **Tools & Design:** GitHub, Visual Studio Code, Adobe Photoshop, Microsoft Office

EDUCATION

- **University of Toledo - Toledo, OH**
  Bachelor of Science in Computer Science and Engineering | Expected December 2026
- **Oregon State University (Ecampus) - Nondegree Student**
  CS 321: Theory of Computation | Fall 2026 | In Progress
- **Owens Community College - Perrysburg, OH**
  Associate of Science in Engineering | May 2022

PROJECTS

- **Smart Parking System - Senior Group Project**

Collaborated with a team to develop a smart parking system that identifies available and occupied parking spaces using image processing.

Participated in system testing, troubleshooting, and project documentation as part of the development process.

Personal Portfolio Website - In Progress

Building a responsive portfolio with HTML, CSS, Tailwind CSS, and JavaScript to showcase projects, skills, and professional experience.

- **Furniture Website - In Progress**

Developing a responsive furniture website with product-focused layouts and a user-friendly interface using HTML, CSS, Tailwind CSS, and JavaScript.

EXPERIENCE

Software Development Intern — 3 Co-op Terms
Knowledge Academy (Infinity Light)

- Completed software development training in programming fundamentals, problem solving, object-oriented programming (OOP), data structures, and algorithms.
- Gained hands-on experience with front-end development using HTML, CSS, Bootstrap, JavaScript, and React.
- Learned how to plan and begin software projects and apply programming concepts through project-based training.
- Used Git and GitHub for version control and managing project code.
